**EST 350.2**

**The precise and low-dust universal saw  
for dry cutting**

# Our proven stone saw, now even better and more versatile

## The precise and low-dust one

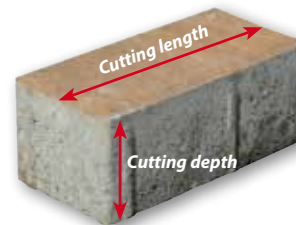

The EIBENSTOCK masonry saw EST 350.2 is a handy and flexible tool for the **dry cutting** of stone materials (e.g. concrete, natural stone, bricks, and fireclay).

Together with the EIBENSTOCK vacuum cleaner a dust-reduced work and thus a better prevention against **hazardous mineral dust** can be ensured.

The machine can be used especially in gardening and landscaping, in road and path construction as well as for clinker construction.

### Cutting table (cutting capacity at 90° cuts)

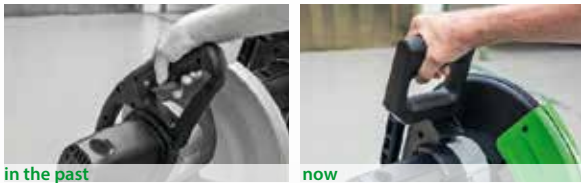

Cutting depth	80	100	120
Cutting length	250	200	150

**NEW**

#### new ergonomic handle

comfortable operation from all working positions

in the past

now

#### Starting current limiter soft start of the machine

#### Spindle lock easy changing of the saw blade

#### Transport lock & carrying handle

handy and safe transport

**NEW**  
optimized suction

due to closed ground in the machine table

**NEW**

#### Base made of cast aluminum

robust and durable

#### Quick clamping device

adjustable without any tools  
– safe fixing of the work piece
